General Comments
<p>Completed annual inspection, ratio respected during visit. Diaper changing procedure was posted, operator updated form while I was present. Discussed with operator rest periods and that children who are done resting are able to join the group. Discussed with operator outdoor outings at every 4 hours block, recommended outdoor play in the morning and in the afternoon. The playground was covered in snow, will return in the spring to assess outdoor space. Fire and health inspections have been completed within the last year. Recommending facility for licensing.</p>
