General Comments
<p>-Visit for an unexpected monitoring inspection.</p> <p>-Ratio was respected during the visit.</p> <p>-Operator is not using the ballpark that was their designated space for outside play because of construction that is being done around the park. The operator says that they are going on long walks and to Richie's Wharf Park.</p> <p>-The amount of material offered to the children is appropriate for the number of children. It is at the children's level.</p> <p>-Had a discussion with the operator about the construction of the new center. The operator says that construction will start on the second week of September.</p> <p>Observations: When arriving at the center children were having lunch, and got into free play afterwards.</p>
