<p>General Comments</p> <p>During the monitoring inspection, the ratio was respected.</p> <p>The QA monitor observed outside play and verified staff files.</p> <p>Outdoor space is offering a lot of opportunities for the children to explore, there is a mud kitchen, large wooden playhouse, and various other material to play with.</p> <p>The QAM observed one class taking seeds out of a pumpkin that they took out of their classroom's garden. The children were very proud and interested.</p> <p>The QA monitor had a discussion with the administrator on site about relief staff and their 90-hours course. Relief staff are only required to have their 90-hours course if working more than 10 days/month. Although it is highly encouraged, it is not required.</p>
