Comments: All toxic products and cleaning supplies were locked. The closet and cabinet where toxic products are stored were locked. Deficiency is now compliant.			

General Comments

During the follow-up inspection, the inspector observed children napping, some children lying down on their cot looking at books, and others playing tabletop games.

Children were also excited to explain about a project they are doing about firemen. They even mention possibly a fireman come to see them.

Ratio was respected during the inspection.
