General Comments

The Quality Assurance Monitor is on site in the afternoon to conduct a monitoring inspection. The ratio was respected during the inspection.

The Quality Assurance Monitor verified the following elements:

- Washroom
- Personal belongings
- Nutrition
- Outdoor play area and equipment
- Indoor play area and equipment

The Quality Assurance Monitor had a discussion with the administrator regarding adding more indoor play area equipment and material. The administrator informed the Quality Assurance Monitor that more toys were bought and will be bought in the next coming weeks.

The Quality Assurance Monitor observed the children arriving from school and different bus routes. The children who wanted a snack had a snack outside and then played in the outdoor play area.
