### General Comments

When I arrived, the children were playing outdoors. It was a beautiful day and the operator said they spent quite a bit of time outside today. The outdoor space has some updates since I last saw it, such as a mud kitchen. The outdoor area is spacious and well taken care of. There is sufficient protective surfacing under the play structure.

The indoor area is clean and is set up nicely. Some changes I saw from last time I visited was a new change table in the washroom, soft climbing blocks, and a new child-safe mirror. There is a variety of materials for the children to play with inside. The operator showed me her documentation of the activities they have been doing and she said she will continue working on documentation. She is also learning new things in her professional development opportunities and she is trying them in her ELC home. She continues to use, and to learn more, with the curriculum.

The operator is filling out necessary documentation. I saw her keeping the infant information sheets up to date, and she is using potential illness forms, incident forms and incident logs properly.

I observed positive child guidance during my visit. The operator is skilled in redirection, gentle reminders, and distraction and she quickly meets the needs of the children. Everything seemed to be running smoothly on the day of my visit.
