Name of Early Learning and Childcare Licensing Staff Mary Ramsay-Irving		Position Title Quality Assurance Monitor	
Order for Compliance	Regulation	Date to be corrected	Date corrected

General Comments

I signed into the visitor log provided at the ELC home. The operator takes all preventative steps when it comes to her COVID protocols. I verified the vaccination log while I was there. The children were playing with play doh when I arrived. They had various instruments to use with the play doh and the children were enjoying using them. One child was excited to show all the creations he was making.

I looked at programming and documentation today. The operator is writing down ideas and activities for various forms of learning. She is doing well at the programming and will continue to work on it. There are learning stories on the walls documenting the children's learning which are done well. Children's work is also displayed in the ELC home.

The indoor environment is clean and there are a variety of materials and activities for the children to do. Art supplies are kept on a low shelf which is accessible to the children. There are various centers set up where children can play. There is a new addition of stick bugs to the environment! There is a terrarium set up with over a dozen stick bugs that the children can observe.

The program seemed to run well on the day of my visit with no concerns.
