General Comments

A renewal inspection occurred today. Children were observed both indoors and outdoors. Educators were observed engaged with children using positive interactions, carefully listening to each child, giving them time to express how they are feeling. Educators displayed family trees that support children's connections to natural home environments, which give a sense of belonging. Environments (the third teacher) are rich in opportunities for sensory learning, social interaction language, exploration, and representation. They are purposefully designed, planned to enhance children's healthy development and learning. Documentation displayed "sleeping bunnies" is evidence of ongoing project work and work in progress displayed for children and families. Open-ended documentation/learning stories are reflective in children's current interests, curiosities and passions. All checks were observed and complete. All staff and children's files were reviewed and complete.
