<p>General Comments</p> <p>Discussed trampoline usage with operator. An operator of a licensed facility shall not permit a child receiving services at the licensed facility access to a trampoline. The only time that a mini exercise trampoline may be used is for therapeutic purposes for children when used under the direction of physical or occupational therapist and with proper supervision.</p> <p>Medications were stored in a cupboard with a pad lock on it which was unlocked. Advised educators to store key in a separate place and ensure lock is locked at all times. This was done at time of visit.</p> <p>Children were involved in many activities at time of visit. Outdoor play is evident. Educators were seen sitting with the children on the floor and engaging in stories, finger play and songs. Educators respond to children in a caring and loving manner when they were upset or needing reassurance.</p>
