9(1) The child-to-staff ratio is one educator for each of the following groups of children of the same age receiving services at a full-time or part-time early learning and childcare centre: (a) three infants or fewer; (b) five children or fewer who are two years of age; (c) eight children or fewer who are three years of age; (d) ten children or fewer who are four years of age or older, but who are not yet attending school; and (e) 15 school-age children or fewer.	9(1)	Jun 29, 2023	
Comments: Upon our arrival at the Centre, there was seven infants in the playground outside with only two staff members. The third staff member was observed near her car in front of the building when we arrived. She then came into the playground after being notified by her colleagues of our presence. The group was in non-compliance of this regulation as the requirement for seven infants would be three staff members.			

General Comments

New table and chairs were added to the infant room.
Changes were made to the classrooms, books are displayed properly, costumes are hanging and accessible to children and some new toys and learning material was added.
Sand boxes were set up and more outdoor toys was added.
Lots of learning stories on the walls near each classroom.
