| On the day of my visit the younger children were playing in their classrooms in the back and also taking turns in the gym. This is a very active program and the children take part in a variety of activities. Lately everyone is interested in playing pool and Alan is in the middle of installing batting cage with a professional pitching machine. |              |                        |                           |                      |             |                |
