General Comments

Licensing staff arrived at the licensed facility on April 6th, 2022 to conduct a follow-up licensing inspection visit. When licensing staff conducted the child-to-staff ratio, the licensed facility was well within ratio according to the Early Childhood Services Act, and all educators under the age of 19 were partnered with an educator who was over 19 years of age.

During the licensing inspection visit, the operator was explaining how the older school-age children who attend his facility, engage in a mentoring program where the children are very active in self direction and independence. The older group of children, at the time of the inspection visit, were in the gym playing floor hockey before having their snack and going outside for outdoor play activities.
