General Comments
Operator discussed progress being made documenting her observations of the children's interests & needs and how she uses these reflections to plan activities in accordance with Licensing Regulation 21 "The daily activities of a licensed facility shall be purposely planned in advance and documented and shall respond to the capabilities, needs and interests of each child". QAM discussed how the Operator's documentation of the activities can be expanded on to meet the obligations of Licensing Regulation 24(1)(b)(vii) "documentary evidence of children's learning" by using the CAT (see pages 6-7) and other Curriculum training & resources provided by the Department.
