General Comments
<p>When I arrived the Casual center was closed for the day. Due to COVID the facility changed their hours. I updated the current hours in the system.</p> <p>As there were no children present I took the time too review the child records. All were in proper order. The center was very clean and there were toys in the kitchen area that had been freshly cleaned as they were used by the children this morning.</p> <p>Looking around the center there was documentation on the walls of different activities the children had participated in.</p> <p>The children have access to plenty of resources and materials in the center.</p>
