General Comments
<p>There were 8 children in the casual care program today</p> <p>Educators were engaged with the children, crouching down to the child's level when speaking to them and sitting on the floor playing with various materials.</p> <p>Educators follows the lead of the children. An example of this is when one child made a mermaid with crafts. The educator showed the child the mermaid toys that were on the shelf. The child was able extend mermaid theme play.</p> <p>The facility is clean and there are plenty of materials for the children to use.</p>
