Order for Compliance	Regulation	Date to be corrected	Date corrected
25 An operator of a licensed facility shall post in a clearly visible and prominent place on the premises: (e) the name and telephone number of the inspector.	25(e)	Nov 03, 2022	Nov 03, 2022
Comments: Contact information of the inspector was not posted. Name and telephone number of the Quality Assurance Monitor and the Inspector needs to be posted in a visible and prominent place in the facility. The QA monitor gave her business card and the inspector's business card to the administrator on site and it was posted immediately. Deficiency is now compliant			
31(3) An operator shall maintain the outdoor play area of a licensed facility to ensure the safety of the children.	31(3)	Nov 10, 2022	
Comments: One of the slides in the outdoor play area is crooked (moving from side to side) and not well attached to the ground. The outdoor play area needs to be maintained safe and free of hazards. The slide needs to be removed or repaired. Children are prohibited to use the slide until it is removed or repaired.			
31(6) The outdoor play area of a full-time or part-time early learning and childcare centre at which services are provided to infants or preschool children shall be enclosed with a fence at least 1.22 m in height with a gate that is secured at all times when the children are present.	31(6)	Nov 10, 2022	
Comments: The entry door to the gated fence is not closing properly. The outdoor area for preschool children needs to be enclosed with a fence with a gate that is secured at all times when the children are present. The door to the gated fence needs to be fixed or replaced.			
33(2) Stationary equipment in the outdoor play area shall be surrounded by a protective surfacing and installed according to the manufacturer's instructions.	33(2)	Nov 10, 2022	
Comments: The bottom of one of the slides had no more protective surface left. A protective surface needs to be added to ensure a safe landing. Children are prohibited to use the slide until a proper protective surface is added.			

General Comments During the monitoring inspection, the ratio was respected. The QA monitor verified the outdoor play area, the diaper changing area, and the necessary documents that needs to be posted in a visible and prominent place in the facility.

General Comments

While the QA monitor was on site, she was able to observe outside and indoor free play.
