Name of Early Learning and Childcare Licensing Staff Joanne Voye Page		Position Title Quality Assurance Monitor	
Order for Compliance	Regulation	Date to be corrected	Date corrected

<p>General Comments</p> <p>Monitoring visit performed. No compliances on the day of my visit. Covid guidelines are followed and staff are masking. Appropriate child guidance was observed during my visit. Staff were observed engaged with children, interacting, reading stories, helping with feeding, changing bottoms, comforting children that needed some cuddles before going down for a nap. I did not observed children in outdoor play, however often during my visits children do have outdoor play opportunities. Children seemed content and happy playing with their friends. The two's program focus was Going on a Bear Hunt, the babies were learning about animals and the other group programming was focussed on Mittens. One observation regarding posting of medication forms and documentation. These were either for Extreme allergy, ongoing administration of medication or acetamenophen/advil. Please ensure the documentation forms are readily accessible if/when any medications must be administered (refer to appendices 2-8 in the Operator manual. Some of the forms posted are dated back in 2020. All staff need to be familiar with them. I would recommend to have your parents complete new forms for 2022, if it is still a requirement. Be sure the instruction forms are completed in full with child's name, BD etc. Thank you.</p>
