General Comments
<p>The infant and toddler groups were in the outdoor play area when I arrived. Some of the children were playing at the water table and the others were digging in the sandbox. The two-year-old group was inside having snack. After snack they prepared to go outside while the infant and toddler groups came inside.</p> <p>There is evidence of planned programming as seen by the learning stories and children's artwork posted on the walls. Each room also has photos of the family posted as well.</p> <p>The rooms are clean and organized. There are a variety of materials for the children to learn and explore with. Positive child guidance and re-direction was observed during the visit.</p> <p>There were no job descriptions or signed statements found in the staff files.</p> <p>It is recommended that more sand be added to the large sandbox in the outdoor play space and the foam matts be replaced in the toddler room.</p>
