| <p>General Comments</p> <p>When I arrived at the facility some children were enjoying morning snack and other children were just arriving. After snack the children had free time and were engaged in numerous activities such as block building, costume play and mark making. The operator promotes an environment that encourages independent behavior as I observed when the children were getting dressed for outdoor time and when an issue arrived the operator would ask the child " How are we going to remediate the situation" or "How are we going to fix the problem". The operator also follows the child's pace as noted during transitions to other activities and getting read for outdoor play time.</p> <p>The outdoor play space is very large and full of natural materials. The children were involved in numerous activities such as playing in the trees, jumping over lava and digging for the buried treasure in the ice. Please remember to keep your paper work updated and properly filed.</p> <p>During my visit I was able to have a friendly conversation with the Operator.</p> |
