<p>General Comments</p> <p>Operator promotes an environment that encourages positive and independent behaviour by involving in decision making and letting them help themselves. The was observed when the children were getting dressed for out door play time. The children put on their jackets, boots, hats and mittens and only got assistance when they asked.</p> <p>Observed the operator using positive language and allowing the children to help in decision making when an issue arrived. The Operator was reading a book and all the children were crowding in front and one child could no longer see the pictures. She asked the children "how can we remedy this situation so everyone can see". This allowed the children to think and come up with ideas of how to make it so everyone could see.</p> <p>Operator takes the time to go around to each child and engage in conversation and participate in the activity the child in involved in.</p>
