<p>General Comments</p> <p>On the day of my visit every classroom was a beautiful environment acting as the third teacher for the children as the curriculum requires. There were numerous examples of children's art, stories, activities and interests in every classroom and hallway. The Educators are really trying to incorporate the natural world into their programming.</p> <p>The 4's classroom are gardening with the Community Garden at the church on McEvoy St, the 3's are very into insects and are growing butterflies from caterpillars, the 2's have really nice homemade books that the children read with their teachers and on their own. The Nursery is reaching out to the community and is going on many outings and bringing a variety of people into their room, to read and to play music and to pursue other diverse activities.</p> <p>This is a very vibrant and engaged Early Learning and Childcare Centre, keep up the good work.</p>
