<p>General Comments</p> <p>On the morning of my visit, the 4 year old class was finishing snack and preparing to go for a walk to the playground. The transition from eating snack, to cleaning up, using the washroom and finding an activity to do while all children finished eating was very smooth. The educators worked as a team and both displayed calm and nurturing child guidance practices with the children. I observed them speaking in a respectful tone, getting down to the children's level and offering choices.</p> <p>I checked the parent information board and the postings inside the classroom- all necessary postings are visible. Required government forms are also well organized and accessible so educators can use them when needed.</p> <p>Attendance records were checked and are being completed with the appropriate codes for absences.</p> <p>The Three Year Old Class was outside during my visit. Children have a lot of space to move around. The gravel and wood chips have recently been replenished. The space is organized well for lots of gross motor experiences. Educators were friendly and attentive towards the children.</p> <p>Staff and child files were checked and all is in order.</p>
