General Comments
<p>Licensing staff arrived at the centre shortly after lunch and the children were engaging in free play activities. The Director relayed to licensing staff that the children will be going to the local pool for the afternoon.</p> <p>One group returned back to the centre earlier than the other and engaged in play in the outdoor environment. The second group of children returned from the pool approximately an hour later.</p> <p>The educators were very engaged with the children as multiple groups of children engaged in a variety of play activities. The different groups engaged in play on the stationary equipment, located on the outdoor play space, while other groups of children engaged in basketball, soccer, frisbee and some children sat on their towels and chatted.</p> <p>On the day of the license renewal inspection there were no preschool present at the centre as it was summer break. On the day of the inspection visit the preschool educator was rearranging the classroom to prepare for the children who are enrolled in the preschool program this fall.</p>
