General Comments
<p>On the day of my visit the program was functioning very well. The Afterschool children spent the morning on a field trip to Science East. They walked over and had lunch on the green, they returned by the Centre's bus, as it was getting too hot to walk. This week is a themed Summer Camp and the subject is "Make, Create and Invent". Today is Science Day and they are making ice cream as their science experiment. Afterwards they will have outside play, weather permitting. There is also an inside gym that can be used if it is too hot to go outside.</p> <p>The Educators and children have a positive, respectful relationship and the children seem to calm and content and enjoying their activities.</p>
