Comments: Deficiency is now compliant			

General Comments

A follow up to the renewal inspection was conducted today. All outstanding orders for compliance from the renewal were completed. However, during the follow up inspection that the renewal inspection from September 9, 2021 was not posted as per the ECS Act/Regulations. As this was not on the renewal a separate monitoring inspection was opened and an order for compliance for this was noted.

Children and educators were observed engaged in play, learning, conversations, snack and outside play.

The facility is recommended for license renewal.
