General Comments

Monitoring Inspection:

Children and educators observed engaged in a variety of activities this afternoon including open-ended art, dramatic play, basketball and outdoor play. Children have been exploring creating with loose parts and a hot glue gun.

Each child was greeted with their name and welcomed to the after-school program by the staff.

Purposeful planning is evident through documentation on planning sheet and through invitations set-up throughout the environment. A photobook has been added to the room that has photos of the children and their experiences and learning.

Woodchips have been delivered to replenish the surfacing under the playground structures.

Apples, carrots and hummus were served for snack.

Handwashing routines were observed.

Monthly fire drills are documented.
