26(2) The operator of a licensed facility shall require the parent or guardian referred to in subsection (1) to sign a declaration confirming that he or she has read and understood the content of the handbook.	26(2)	Aug 16, 2023	
Comments: This is the second reminder that each child record must contain a signed statement from parent confirming they have read and understood the parent handbook.			
33(2) Stationary equipment in the outdoor play area shall be surrounded by a protective surfacing and installed according to the manufacturer's instructions.	33(2)	Aug 16, 2023	Aug 16, 2023
Comments: In the outdoor play area QAM observed, children playing on a dome to climb onto that is surrounded by protective surfacing, but the protective surfacing is not of appropriate depth. Pea gravel should be turned over or raked weekly to ensure proper depths are maintained. The recommended minimum depth of material (compacted) is 30 cm. The climbing dome must not be used by children until the depth of pea gravel is appropriate. Operator immediately asked the educators to not permit climbing on the dome and added a parachute, so kids won't be able to climb onto. QAM advised operator that pea gravel must be added for children to be able to climb onto the dome or for the dome to be removed. Deficiency is now compliant.			
40(1) An operator of a licensed facility shall ensure that personal belongings of a child receiving services at the licensed facility that are brought to the licensed facility, including combs, brushes, toothbrushes, towels, washcloths, bedding, pacifiers and soothers, are (a) labelled with the name of the child.	40(1)(a)	Aug 16, 2023	Aug 16, 2023
