9(1) The child-to-staff ratio is one educator for each of the following groups of children of the same age receiving services at a full-time or part-time early learning and childcare centre: (a) three infants or fewer; (b) five children or fewer who are two years of age; (c) eight children or fewer who are three years of age; (d) ten children or fewer who are four years of age or older, but who are not yet attending school; and (e) 15 school-age children or fewer.	9(1)	Aug 14, 2024	

Comments: When arrived on site, the Quality Assurance Monitor observed 17 children playing outdoor with only one educator and 2 Inclusion Support Workers. The Quality Assurance Monitor mentioned to the administrator that the staff-to-child ratio for the afterschool children outside was not being respected in reason that the Inclusion Support Worker does not count in the staff-to-child ratio. The administrator mentioned needing to step out of the ratio in due to administrative duties. The child-to-staff ratio must be maintained at all times; therefore, a plan must be in place in the event of a staffing shortage.
