General Comments

A Monitoring Inspection was completed this morning. Children were observed during morning arrival, free play, snack, and transitioning to outside play.

Infants - Educator stated that the infants are presently interested in tearing activities, cars, paint, and magnets. The infants were observed during snack. After snack, educators were observed assisting the infants with their outside gear. The infant educator was observed taking the infants on a walk.

Twos - Educator stated that the 2's are presently very interested in babies. Several baby themed invitations and activities were observed, including a baby doll diaper changing station, and a Baby Word Web. The educator stated that the children are also interested in play doh, building, and outside play.

Preschool - Several tabletop activities / invitations were ready for the children's arrival. Educators stated that the children are presently interested in Dinosaurs. Handwashing procedures were observed and followed. Children were observed during snack. Music could be heard playing in the background. Several plants were observed on the windowsill.

Several forms of documentation were observed in all rooms - children's artwork, photos, and learning stories. Positive child guidance techniques were observed in all groups - educators on children's level, educators providing appropriate supervision, educators providing ample activities and choices, and educators speaking kindly to the children.

Parent Board observed. Quality Assurance Monitors contact information to be added. Outside play area was observed. Several activities were available for the children, including a special area for arts and crafts, and reading.
