<p>General Comments</p> <p>Inspectors were onsite to complete the renewal inspection and observed the children as they arrived from school. Some enjoyed snacks while others engaged in free play in various activity areas of the center, such as building with blocks and Legos, drawing on large sheets of printed paper while others worked on a crossword puzzle.</p> <p>One educator showed the inspector a collaborative project created by the after-school group; a forest themed fairy house that the children continue to add to. The project showcases their creativity, imagination, and ongoing engagement.</p> <p>Ratio is respected during renewal inspection.</p>
