<p>General Comments</p> <p>A follow up to the renewal inspection was conducted today and all outstanding orders for compliance were completed and the facility is recommended for license renewal.</p> <p>The children were observed during lunch and quiet/nap time. Two of the learning environments have had playhouses constructed and are an added enhancement to the rooms. The children's imagination will come to life as they explore endless possibilities with these.</p> <p>The children's learning is displayed on the walls of each room in the form of art, learning stories and pictures. This gives the children the opportunity to re-visit their experiences and the possibilities of expanding on their learning and interest.</p> <p>Educators were observed having respectful and meaningful conversations with the children in their care. The children appeared happy and content in their learning environments and with their educators.</p>
