<p>General Comments</p> <p>A follow up inspection occurred. The children were observed in the outside fenced in play area. The other groups of children were in the neighboring park and for walks during the time of the follow up. Educators had questions regarding coffee so Inspector showed them Regulation 42 and discussed "Hot beverages". Recommending, now that the weather is changing and becoming warmer that the sunshades be erected in the outside play areas.</p>
