General Comments
<p>I was screened and my temperature was taken upon entry to the center. The center seems to be following all the COVID guidelines well. The children were playing outside in the morning and then came in and watched children's videos with music and had some free play before lunch. The children were excited to show me a gingerbread house that they made this week. After lunch they had rest time.</p> <p>I saw positive child guidance from the educators such as gentle reminders, setting limits, and positive reinforcement. The communication with the children was respectful and patient. The program appeared to be running smoothly.</p>
