

## Early Learning and Childcare Facility Inspection Report

Type of Inspection:  
Monitoring Inspection

Pursuant to section 21 of the *Early Childhood Services Act*, operators of licensed early learning and childcare facilities must post their most recent inspection report in a clearly visible and prominent place in the facility.

| General Comments   |
| <p>The preschool program at this location is currently not running.</p> <p>All children were eager to have their turn on the new play structure that was just installed in the outside play space. All educators were observed ensuring that children were safe and respectful while on the play structure.</p> <p>Educators were observed being attentive to the children at all times during today's inspection. They were also observed providing gentle reminders to the children to wear their masks properly when needed.</p> <p>A reminder that both Go-Go licences at this location must operate as their own individual licence. Children who are occupying the licenced rooms belonging to Go-Go After School High Point Plaza – 2015870 must be signed in/out and have their required paperwork kept at this licence.</p> |
