General Comments

Children arrived and roll call was taken before lunch time. As the children finished eating, they had free play time. During this time children were observed playing chess, reading and building with lego. Once everyone had finished eating the children got ready for outdoor play time. During this time the children played ball hockey, building with the plastic blocks or sat in the corner chatting with their friends. The facility is clean and organized. There are a variety of indoor materials that meet the children's interests. Staff and children files were reviewed. All contained the required documents. It was noted that one staff member's first aid expired on Dec 4, 2024, however, they are enrolled in an upcoming course. As the staff does not have a current first aid, they are not able to be left alone with the children. I recommend additional open-ended materials be added to the outdoor play space.
