### General Comments

Visit to facility to complete renewal inspection. Ratio was respected during visit.  
Observations: All groups we're having lunch when I arrived. After lunch, children had a nap and then went outside. The school aged children arrived, and attendance was taken. Various types of documentation are present in each room that display the children's interests and what they are learning.  
Facility is awaiting their health inspection, once this is completed the facility will meet requirements under the Act and regulations and will be recommended for licensing.
