General Comments

Upon arrival, I was directed to wash my hands right away. I noted that everyone entering the area were directed to promptly to wash their hands. The ELC home is very clean and organized, and cleaning schedules are kept up to date.

There were two children present when I arrived but one child got picked up shortly after. Another two children arrived later at their school dismissal time. They had a snack provided by the operator and then played with some lego. The children appear to be very interested in building creations with lego. There are a wide variety of materials and activities for the children to do at the ELC home.

The operator has taken most play structures in the back yard down and she is taking swings down this weekend in order to meet regulations regarding protective surfacing.

I observed lots of positive child guidance by the operator, such as active listening, respectful communication, setting clear and fair boundaries, appropriate use of humor, and the operator is very caring and kind with the children.

Please ensure school age children wear their masks at all times while indoors. Also please ensure the fire drill records and the first aid checklists are kept up to date with the correct information.

The program appeared to be running well.
