Name of Early Learning and Childcare Licensing Staff Jenelle Hanscom		Position Title Quality Assurance Monitor	
Order for Compliance	Regulation	Date to be corrected	Date corrected

General Comments

Regular monitoring inspection was performed on this date. Licensing staff arrived as two children were present at the home. Children were observed to have a large puzzle that they were working on together. Children also had artwork they were creating and enjoyed showing them to the Quality Assurance Monitor. The home has been reorganized since the last monitoring inspection. Some items have been removed from the home, however children still had many materials and activities they could engage with such as lego, magnets, doll houses, games and art materials. The home was well maintained and clean, children had an area to place their items and their personal items were labeled appropriately. The postings in the home were reviewed and all required documentation was posted for parents to see. Fire drills were completed and up to date. Discussion was had with the operator about closing her home at the end of June. All parents have been made aware. Please provide a Change in Service to your Quality Assurance Monitor with your closure dates 30 days prior to closing.
