General Comments
<p>A Monitoring Inspection occurred on May 23, 2025.</p> <p>Children were observed engaging in indoor play and during snack time. Proper handwashing practices were followed during the snack and the transition indoors.</p> <p>Educators shared that the children are currently very interested in being active outdoors and participating in creative activities such as beading butterflies, making clothespin butterflies, and running a flower market in the dramatic play area. Indoors, children are building with LEGO, exploring playdough, and participating in group games in the gym. Educators were observed using positive language and providing gentle reminders to support children. They were actively involved in the children's play experiences.</p> <p>The daily routine is clearly posted, and evacuation procedures are displayed in a prominent location. A daily incident log is maintained. The indoor environment features well-defined learning and play areas, and children's artwork is displayed throughout the facility, contributing to a welcoming and engaging space. Various forms of literacy were evident in the environment. Drinking water is accessible to children throughout the day. Allergy information for children is visibly posted for staff awareness. Outdoor stationary equipment is surrounded by protective surfacing of appropriate depth, ensuring safety.</p>
