General Comments

A Monitoring Inspection was completed this afternoon.   It was a dark, gloomy afternoon, and the children were observed during inside play. The movie "Yes Day" was being played. Some children were watching the movie, while others sat at tables creating clay sculptures, drawing pictures of Sailor Moon, playing with dolls, and playing the "Unblock Red Car" game. Tie Dye T-Shirts were observed drying outside. Children and educators stated that they had spent the morning outdoors, making Tie Dye T-Shirts.   Educator stated that the children have been enjoying their summer and that they've been on several field trips / taken part in several activities - Movies, Beach, Aquatic Centre, Splash Pad, Dance Parties, and Talent Shows. Documentation was observed throughout the facility - several pieces of children's artwork and a poster of outdoor exploration was observed. Well defined learning centres were also observed, some of which included: Science, Building, Board Games, Art & Crafts, Dramatic Play, and Reading.
