<p>General Comments</p> <p>Children engaged in a variety activities throughout the learning environment including painting, sensory, gross motor, music and movement.</p> <p>Educators have added materials, books and photos to support the children's interest in dinosaurs.</p> <p>A variety of quality materials accessible to the children in each interest center. Invitations are set for the children to explore and create this morning.</p> <p>Hand washing routines observed today.</p> <p>Recommendations: Expanding art area as many of the children are interested in painting and creating. Art area seems crowded when everyone is working at the table. Adding photos of the children around the room this allows to revisit their play and learning.</p>

General Comments

Posted daily routine must reflect outdoor play time.
Discussed adding a note/arrow to menu to indicate which week is being served.
