Facility Name Reaching for Rainbows Child Development Centre		Telephone Number (506) 389-1442
Address 145 Lakeside Drive Riverview NB E1B 4K7		
Name of Early Learning and Childcare Licensing Staff Erika Hickey		Position Title Quality Assurance Monitor

Order for Compliance	Regulation	Date to be corrected	Date corrected
33(2) Stationary equipment in the outdoor play area shall be surrounded by a protective surfacing and installed according to the manufacturer's instructions.	33(2)	Aug 11, 2023	
<p>Comments: The Quality Assurance Monitor has observed some hanging tire swings in the preschool outdoor play area. Adequate protective surfacing must be added under this play structure to ensure the safety of the children. The operator must add more protective surfacing and ensure that the children are not using the play structure until the protective surface is suitable.</p> <p>The Quality Assurance Monitor also observed a little tyke slide in the infant play area on an artificial turf surface. The operator must verify if the play structure requires a protective surface as the surface used is not considered a protective surface. The Quality Assurance Monitor recommends that the play equipment is not used by children until the operator has confirmed if this structure requires a protective surface. A follow-up on this will be done at the next inspection.</p>			

General Comments
<p>The Quality Assurance Monitor is on-site for a monitoring inspection. During the inspection, an educator has shared that the preschool children have been going to play at the baseball field while they are undergoing some reparations in the outdoor play area. The Quality Assurance Monitor has reminded the educator in charge that parents must sign consents for each individual outings.</p> <p>The ratio was respected during the inspection and a new staff records verified was complete and accessible on site upon request.</p>
