General Comments
<p>The first dismissal children went outside to play as soon as they arrived at the facility from school. They were observed playing in the wooded area behind the facility. Children were observed taking full advantage of the natural environment, they were observe playing "bakery" where they were taking orders, cooking and baking using snow, twigs, rocks, pieces of ice, etc. Other children were observed playing in the trees, hanging out, and singing/dancing on what appeared to be a little natural stage area.</p> <p>The second dismissal children starting off their afternoon by playing outside but had to come in earlier than expected due to it beginning to rain quite hard.</p> <p>Children were provided with the opportunity to have snack if they wished to.</p> <p>Educators were observed being attentive and interacting with children at time of inspection.</p> <p>Educators ensured children were provided with ample warning before transition times would occur.</p> <p>All staff files that were observed today were well organized and in compliance with licensing regulations.</p>
