### General Comments

Covid-19 recovery phase recommendations:  
Inspector recommended that the cleaning records include the staff names\initials. The cleaning records noted

General Comments

that the toys are only cleaned once daily. The educator stated that the toys are cleaned twice a day and that it will be added to the daily cleaning records. Inspector observed that the potty chair requires cleaning. The inspector were not thoroughly screened prior to entering the facility. The educator did take the temperature of the inspector but failed to ask every screening questions. The screener is required to record the following when an individual enters the facility: name, phone number, date and time of arrival and date and time of departure.

Inspector observed that there were a lack of toys in the centre. The director indicated that several toys were removed due to Covid-19. It was recommended to reassess the quantity of toys that are stored away in order to add more to the play areas to accommodate the increasing number of children attending the daycare.

The above mentioned Covid-19 recommendations are required to be implemented by July 21, 2020.

Inspector observed positive interaction between the educators and the children. The educators were very engaged in the activities with the children. The inspector observed the educator serving a meal while practicing Covid-19 safety measure such as wearing a mask and washing his hands prior to preparing the meals.
