General Comments

Licensing Staff arrived at the Early Learning and Childcare Home to perform a Monitoring Inspection. Upon arrival the children were in the process of eating morning snack. The Operator was seen wiping their hands and faces as they were finished. The table was sanitized, and the floors were swept. After snack, the children were seen coloring pictures, playing musical instruments, playing with stacking cups and building blocks. At one point, all the children were dressed up as superheroes. The Operator sat with the group and was seen offering help with costumes and engaging in their play.

The Operator has Seasonal and Halloween books as well as activities displayed throughout the home. On a large piece of chart paper, the Operator had written the lyrics to "5 Little Pumpkins" and had decorated it. In another section of the home a large sensory table was set up with different materials related to the life cycle of a pumpkin. Positive child guidance was observed throughout the entire visit. The Operator offered hugs, encouraged the children to use their words with peers and offered assistance when needed.

Fire Drills, First Aid Checklists and Attendance Records were reviewed and up to date. Child Profiles were tidy and contained all required documents. Incident reports and administration of medication forms were also observed. The cubby area is tidy, and the children's personal belongings are labelled. As a reminder, please ensure all children wash their hands before eating.
