General Comments The Quality Assurance Monitor is on site in the afternoon to conduct a monitoring inspection. The ratio was respected during the visit. The Quality Assurance Monitor verified the following elements: -Daily activities -Daily routine -Indoor play area and equipment -Washroom -Storage space -Personal belongings The Quality Assurance Monitor had a discussion with the operator regarding the documentation of the daily activities. As the children are attending the full day in the summer, the daily activities can change and be modified as per their interest and the weather. The Quality Assurance Monitor had a discussion with the operator regarding the labelling of the children's water bottles and lunch boxes. The bottles of water and lunch boxes must be labelled with the names of the children. The children were observed playing in the indoor play area doing heating beads and transitioning for snack time. The operator applied sunscreen on the children before transitioning to go play outside. The children were observed playing in the wooded area, playing with volley balls and drawing with papers and crayons. No dogs were on site at the time of the inspection.
