39(2) A licensed facility shall have a separate locked storage space that is inaccessible to the children for each of the following: (a) toxic products, chemical products and cleaning supplies;	39(2)(a)	Aug 22, 2024	Aug 22, 2024
Comments: Deficiency is now compliant			

<p>General Comments</p> <p>-Morning visit to the center for a monitoring inspection -Ratio was respected during the visit -Appendix 21 – Staff handbook template will be sent to the operator by e-mail inviting her to confirm that their staffing plan has all relevant and required information's. -Outdoor play area is maintained safe -In the outdoor play area children have more than one type of surfacing to play and the material offered is varied and in sufficient quantity for children present -All children have an easily accessible space to store their personal belongings, which is identified with their name and only use for the intended child. -Orientation of children is done in a respectful and positive way -Parent board is posted in the entrance which is a visible and prominent place. All required documents were found on the board. -Washroom cleaners were found on a top shelf in the bathroom, it was locked away by the end of the visit. All cleaning supplies must always be kept under key, staff were reminded to use the locked cabinet under the sink to store the cleaning supplies.</p> <p>Observations: When arriving at the center preschool kids were playing outside, today was a cowboy day, they were all proud to show me their costumes and explain to me that they have lined dance in the morning. Afterschool kids put on a Harry Potter play; they were presenting it to their friends when I arrived. All children ate their snack during the visit, the preschoolers ate outside while the afterschool kids ate inside.</p>
