General Comments

Monitoring Inspection:

Children and educators observed engaged in a variety of activities this morning including chalk sensory play, open ended art opportunities, dramatic play and stories. Educators observed adding materials to the environment to expand on the children's play in the moment.

QA Monitor discussed ways to alleviate clutter within the indoor play area. Recommend removing the doors from the back closet to create more space for storage and play.

General Comments

QA Monitor to increase Monitoring Inspections in the coming weeks to support staff in meeting regulations.
