<p><b>General Comments</b></p> <p>Monitoring Inspection - PreK Program:</p> <p>Children and educators observed engaged in a variety of activities this morning including stories and dramatic play. Children were observed collecting items from around the room to build a story at circle time. The educator used the items to tell a story personalized to the children in the group.</p> <p>Purposeful planning is evident through documentation on planning sheets, invitations and materials added to the environments to support the children's current interests.</p> <p>The sensory table materials are becoming depleted. To be replenished with enough material that allows children to scoop and dump.</p> <p>An anti-slip mat is to be added under the car rug as it slides easily and may become a slip hazard for children or staff.</p> <p>Cereal with milk was served for morning snack. Monthly fire drills are documented. Daily attendance records are accurate and reflect all children present. Child-to-staff ratio was observed to be met during Monitoring Inspection. Facility is currently exceeding the 50% trained Early Childhood Educators (2/1) requirement. School-age program was not observed today; Monitoring Inspection will be conducted at a later date.</p>
