Address 25 Main Street Fredericton NB E3A 1B7			
Name of Early Learning and Childcare Licensing Staff Lindsay Lewis		Position Title Quality Assurance Monitor	
Order for Compliance	Regulation	Date to be corrected	Date corrected

General Comments

Licensing Staff arrived at the facility to perform a Monitoring Inspection. Upon arrival, both Educators had departed the facility in order to meet the children for school dismissal. When the first group of children arrived, they had the option to find an activity or wash hands for lunch. Once the second group arrived, all the children were observed washing hands and eating lunch. Tables were cleaned and floors were swept as the children were done.

Some children were observed having electronic time while others were engaged in tabletop activities. The Educators set out a variety of pre-made and salt dough ornaments to decorate. The Educators were engaged with the children, sitting at the tables as they decorated and checking in with the other groups who were having electronic time. A verbal 5-minute warning was given before the group gathered for a circle time. It is recommended to follow the children's lead and interest. The circle time was long, many children struggled to sit and listen. When the children are struggling to sit, consider doing an activity where they can move their bodies or adjust the length based on their needs.

Alot of positive changes have been made in the indoor environment since the last Monitoring Inspection. The classroom has been re-arranged and organized. A Christmas tree with lights was displayed and had decorations that the children had made. An extra Educator was on site today. The Educator was observed cleaning the stick bug aquarium, the mini fridge and the teacher station. Please ensure cleaning is kept up in these areas to avoid any odors. Only positive child guidance was observed during today's visit.
